Determining Clinical Categories & Consensus Definition Of Atrial Fibrillation Burden

📍 Hilton Munich airport

🕒 23-24 February 2023

Agenda - Scientific Programme

23 February 2023

13:00 – 13:40 - Welcome, Introduction, Overview

13:40 – 15:30 - Main Session 1: What is AF burden

- Impulse presentation
- Structured discussion of defined questions
- Consensus proposal – modifying debate - voting

15:30 – 16:00 - Coffee break

16:00 – 18:00 - Main Session 2: How to measure AF burden

- Impulse presentation
- Structured discussion of defined questions
- Consensus proposal – modifying debate - voting

24 February 2023

09:00 – 11:00 - Main Session 3: Clinical value of measuring AF Burden
(Stroke, Cognitive impairment, Heart Failure)

- Impulse presentation
- Structured discussion of defined questions
- Consensus proposal – modifying debate - voting

11:00 – 11:15 - Coffee break

11:15 – 13:00 - Main session 4: AF Burden in clinical trials

- Impulse presentation
- Structured discussion of defined questions
- Consensus proposal – modifying debate - voting

13:00 – 13:30 - Main Session 5: Summary on consensus definition of AF Burden

- Consensus proposal – modifying debate - voting

13:30 – 13:45 - Summary and Conclusion
